ATRIUM SLIDING PATIO DOORS

Atrium's series of vinyl patio doors opens up a world of possibilities for your project. Classic styling. Superior construction. Nearly maintenance-free, forever.

Raised simulated divided lite grids offer a stylish and traditional look. All other grids come secured in place between panes, which allows for easy cleaning without removing or working around grids.

Printing process may affect color shown. Please refer to actual window sample when selecting colors. Only use mild, water based household cleaner on painted product and rinse immediately

*Bronze exterior available in paint or laminate on 332 & 312

MULTIPLE GLASS OPTIONS FOR SLIDING PATIO DOORS

With multiple glass options to increase energy efficiency, we have a glass package to fit any climate need or budget.

Energy Star Climate Zone Map

■ Northern Climate Zone ■ South/Central Climate Zone
■ North/Central Climate Zone ■ Southern Climate Zone

Criteria for Patio Doors

Glazing Level	U-Factor	SHGC
≤ 1/2 Lite:	≤ 0.25	≤ 0.25
> 1/2 Lite:	≤ 0.30	Northern: ≤ 0.40
		North/Central: ≤ 0.40
		South/Central: ≤ 0.25
		Southern: ≤ 0.25
Air Leakage Rating for Sliding Doors:		≤ 0.3 cfm/ft ²

Low-E Glass

Low-E glass is coated with a microscopic layer of silver that reflects radiant solar energy while permitting visible light to pass through the glass, providing more comfort and lower energy costs.

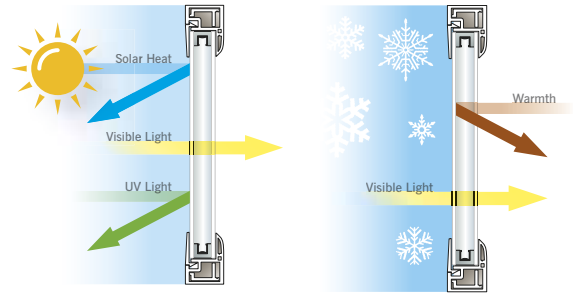

Low-E Glass + Argon Gas

Argon gas works like an insulating blanket between two panes of glass to further improve thermal efficiency and decrease outside sound levels.

Ultra Low-E Glass + Argon Gas

Choose our ultimate glass package for optimal energy efficiency and maximum cost savings. Ultra Low-E glass offers three invisible layers of silver coating in addition to the superior thermal performance of argon gas.

+ Low-E glass reduces heat gain from the sun in the summer, keeping your home cooler.

+ In the winter, Low-E glass lets the warm solar rays in while blocking the heat in your home from getting out.

ENERGY STAR compliance available in all series. Verify product specifics before ordering.

energy efficient
